JUNE 1982

Vol I Number II

Hi Everybody!

Your June newsletter comes from the quill of another tribesman who hopes to continue to bring news of interest and joy to each one of you.

To our Secretary Jeanne comes our sincere "thanks" for the superb writing of the first newsletter. This was the result of countless hours of mental gears working in tune with hundreds of letters of correspondence, daily trips to the post office and the many incredible tasks involved to put out any publication. On behalf of our membership I say thanks to Jeanne for a job well done.

Another bouquet of shamrocks goes to our President Patrick, and to the membership officers whose loyalty to the honored surname brings forth a welcome breath of fresh air in reviving tribal interest and preservation of ancestral lineage. With a spirit of enthusiasim such as these grand people possess, we can do nothing but proceed onward; however, there is a stepping stone lacking, and that is YOU!

Our password for the year 1882 will be "ENVOLVEMENT!" Not much of a word really, but oh how tremendous it can become when we all pitch in together, sharing our good news with each other via newsletters and correspondence. Imagine if you will the joys of meeting each other personally at tribal gatherings, and we are certainly looking forward to that.

Don't be just a "reader" who tosses away the newsletter after perusal. Hang on to them as they may contain a wealth of hidden information otherwise not known to you or other members. Perhaps they may contain that hidden clue we have all been waiting for to unlock those doors to our honored past.

With our little column concerning "Missing Links" should come a powerhouse of data waiting to be turned on by your tribal interest. Help to turn it on by showing a feeling of envolvment. When you care, you will share and isn't that what our new association is all about?

We welcome your thoughts and ideas... and criticisms too. We want our newsletters to radiate with excitement causing you to mark the calender each day in anxious anticipation for the arrival of each quarterly issue. Bring a spark of hope to our letters of inquiry, who knows, it could be you some day.

To our tribal cousins in Spain and Canada comes warm regards. May we have the pleasure of hearing from you. We look forward to meeting with you not only at the great re-union in 1985, but whenever time permits prior to then. We invite your participation in contributions to our newsletters as well, because it involves our inheritance.

(Newsletter Vol I, Number II, cont'd.)

With our association rapidly emerging from its infant stages, we not only solicit your assistance but patience as well as we try to smooth out the "rough spots" leading to our ultimate goals.

There is no need to beat the old tribal drums, nor to ignite the ancient bonfires that proclaimed the news in ages past. Your green badge with white deer identifies you to others as loyal members of the tribe O Dochartaigh. Wear them often with a sense of pride.

The scribe dips the quill once more in closing to express his appreciation for the honor bestowed upon him as your news gatherer. Enjoy your summer, but most of all take care and be happy.

Respectfully,

A DEER/DEAR: No matter how you spell it, we do have a real dear in our association in the personage of Sr. Mary of the Holy Spirit, who is compiling the names and addresses of people in the Philadelphia and Delaware county areas. Sister is located at 8550 Veree Rd., Phila. Pa. 19111. Wow, talk about involvement! We're sure her list will include well over a thousand names.

Just think about your own town, city county and state and the many names listed in phone books. Can you help us to track them down?

* * *

DID YOU KNOW: That delving into clan heritage is nothing new? Interestingly enough the mention of genealogy and family lineage becomes quite prominent in the Gospel of Matthew: 1-1-17. It might seem to the modern reader that St. Matthew chose an extraordinary to begin his gospel. It might seem daunting to present right at the beginning, a long list of names to wade through. But to a Jew, this was the most natural and the most interesting and indeed the most essential way to begin the story of any man's life. To the Jews, this was most common, for we find in the Old Testament lists of famous men (Gen: 5-1-10), when Josephus, the greatest of the Jewish historians wrote his own biography. He began with his own pedigree, which he tells us he found in public records. The reason for this interest was that Jews set the greatest possible store on the purity of lineage. A Rabbi/priest, for example was bound to produce an unbroken record of his pedigree stretching back to the time of Aaron. If he was married, the women he wed would have to produce her pedigree for at least five generations back.

(Did you know, cont'd.)

When Ezra was reorganizing the worship of the priesthood to function again after the people returned from exile, the children of Koz and the children of Barzillai and others were debarred from office. They were labeled "polluted" because: "These sought registration among those enrolled in genealogies, but they were not found there." (Ezra: 2-62). Since the proving and the preserving of family pedigree data was recorded long before the birth of Christ, then it is only natural for all of us to spend countless hours in quest of information and data which ties us to our ancestral roots. These roots were never really broken, but rather snipped in small pieces to be transplanted and nurtured to the present day.

YOU, A MOVIE STAR: And why not! Our association is negotiating with Ric Dougherty, president of Travel Adventure Worldwide Films to record our reunion in 1985. We are hoping to have copies of the film made to be available to members and groups at an affordable price. More on that later.

* * *

WE HAVE IT IF YOU WANT IT: Recently received from a gracious donor is a copy of the Pennsylvania death certificate of the late William Daugherty.
Born: 1872 USA Laborer Unmarried
Son of Hugh Daugherty and Mary McEleusky
Date of Death: 8-23-17 at Westmoreland Co., Hempfield Township, Pa.
Funeral Director: M.H. Felton, Alexandria, Pa.
The return of a SASE to our association secretary will bring it to you.

THIRTEEN MONTHS AND HOLDING: No, it's not the date of the next space shuttle, but probably just as exciting! We mean the Reunion of the tribe at the Barnesville, Ohio Memorial Park. Of course this seems like a long way off, and in a sense that is true; however we can begin now to harbor thoughts of attending. Dig out those road maps and why not make this part of your vacation plans. Since the date of July 31, 1983 falls on a Sunday it might not be a bad idea to check into the hotel/motel listings of that area should you plan to arrive prior to that date. As mentioned in the first newsletter, the program of events will be confirmed and mailed to you well in advance. Just a wee peek at a handy road atlas shows Barnesville being not too far from Interstate Highway # 70. The Hendrysburg Exit might possibly direct you to within that proximity. Plan on it!

MISSING LINKS

Wanted: Any info on the late JOHN DOUGHERTY and his wife (nee Nancy Gatton). He was born in Ireland in 1766. They spent most of their lives in Franklin County, Ohio, and died there also. Replies to: Ms Shirley McElyea 1711 Sampston St., Maryville, Ca. 95901.

To be, or not to be..?

We seem to have a problem
that faces you and me
as to whether or not
we use the mark
that's called "a-postrophe."

It's found with many surnames
this comma raised on high
who knows the rules of where and why
we surely all must try.

We've checked with Deans and scholars
they too can not agree
of when 'tis wright
or when 'tis wrong
or why it's meant to be.

There's got to be one answer
to set this matter straight
and you the members of our tribe
must settle this debate.

(Let us hear your thoughts on the matter)

* * *

From an account of the History of Augusta County, Virginia comes news of interest to you. The valiant and courageous early settlers did not have a church tower, nor a Paul Revere to warn them of the advancing enemy. There was no organized militia to protect them. The numerous raids of the Shawanese indians brought havoc and terror!

On October 10, 1765, the warriors encamped in a secluded spot near "Carr's Creek" where they remained for two days as their spies watched the activities of this small settlement. During the massacre that followed. it has been said that not less than sixty to eighty people were slain. Of this group were the entire family of Charles Dougherty.

And thus we learn more of the courage of our revered ancestors.

WIT AND HUMOR: An Irish proposal of marriage.

How would you like to be
buried in the family plot?

FROM THE DESK OF OUR PRESIDENT: Those of you who know me personally may or may not be surprised to learn that I have moved in with not only a woman, but two!! Mary is a delightful lady that makes sure I get the largest serving of cake, have the largest, fluffiest towel for my shower, the most comfortable chair etc. Mary is my wonderful mother. The other lady (?) is my sister, Jeanne. Jeanne does the cooking, laundry and housekeeping and generally looks after mother and I, with what sometimes appears to be fierce determination in her effort to maintain a tight schedule, in order to accomplish the many tasks necessary to make our home as orderly as possible. It is an uphill battle. I do appreciate that she also finds time to help with the yard work. All of this she does only because once these chores are completed, she may turn to her favorite past-time - being your secretary. She delights in answering the many letters we receive and sending out the requested items. Special thanks to these ladies for making my life very pleasant.....In mid-June, four of us will be traveling to Derry and Donegal for a short planning session with those Irish Reunion Committee's. We have much to accomplish in a very short time. We will be visiting all of the places where our 1985 Reunion Festivities will be held. At this time, a definite date will also be set for the Reunion. On our return, we will have much to report and will probably send out a special Newsletter, before the October one. Michael O'Malley of Jefferson City, MO is our Publicity and Membership Chairman. His good humor comes through every line that he writes, as is evidenced in this Newsletter and the invitational letter to prospective new members. He has been to Ireland many times and has a vast knowledge and love of his Irish heritage. (Michael's mother was an O Dochartaigh.) As luck would have it, Michael will be on vacation in Ireland at the same time as our meetings will take place, and has unselfishly consented to take time out from his sight-seeing to take part in the decision-making with us. We are grateful for this and have come to rely on his good judgment. His being there will be a definite plus for our Association. John E. Dougherty of New Castle, DE, who is our Eastern U.S. Regional Coordinator is traveling with us, also. John, like Michael and myself has been to Ireland many times. Often he is asked to take tours from the U.S. to Ireland, acting as their guide. He knows Erin well and has a deep love for all things "Irish," and a very interesting family history. Jeanne, our Secretary, will be making her first trip to Ireland. She is filled with enthusiasm and looking forward to meeting with those many native Irish O Dochartaigh's she has been corresponding with. She claims to have been on a "heritage high" since our 1st International Reunion last summer, hoping only that it will sustain her through the 1985 World Reunion at Derry and Donegal. No-one in our Association has worked harder for the success of the '85 Reunion, our Association or this mid-June Trip, than Jeanne. It will be Michael's, John's and my pleasure to show her Ireland..... Another appointment that we have made is; Commander John Dougherty of Prescott AZ, as our Seanache (?) or Tribal Historian. We are fortunate to have this retired Naval Officer take an active part in our Association. You will be reading some of his material in our 1983 Yearbook, as he is a great storyteller.....Special welcomes to those Hawaiiin, Nebraskan, Floridian, Georgian and New Brunswick O Dochartaigh's that have joined with us since the February Newsletter. We welcome you and encourage you to spread the word. We also now have Dockery's, Daughtery's, Daughtrey's and Daughtry's to add to the many other spellings of our Surname...We welcome all of you and hope that you will take an active part in the future plans of the Association..... In mid-April, I attended meetings with members of the Association, in the Philadelphia area. We were hosted by our Vice-Pres., F. Robert Dougherty, of Downingtown, PA. He and his lovely wife Rita ensured that not one of us will ever forget their kindness and warm hospitality. Much was accomplished in these meetings and we feel a special bond with these wonderful Eastern members of our Association. The common pride in our ancestry is strengthened further by such get-togethers. We attended the Derry Ball, in Philadelphia, where I was honored to lead the Grand March, with one of our hardest working members, as my partner - I am speaking of Sr. Mary of The

Holy Spirit. Her tireless efforts in behalf of our Association have reaped us a harvest of new members, from the state of Pennsylvania. She has sent out, well over 2,000 letters and cards to O Dochartaigh's encouraging them to join with us. The letters she sent were beautifully composed, coming right from her heart, making it very difficult for the reader not to respond. And respond, they have. Pennsylvania, Colorado, Tennessee and New Hampshire have provided us with most of our members. We are now hearing from persons in our own state, Michigan as well as other states where our newspaper articles have been well received. It would be most helpful if persons from the following states would send us the names and addresses of leading newspapers, so that we may get letters out to them, with the hope of catching the attention of our Tribe; New York, Maine, Connecticut, Vermont, Rhode Island, North and South Carolina, Georgia, Florida, Alabama, Mississippi, Louisiana, TEXAS, Oklahoma, Ohio, Minnesota, Wisconsin, Illinois (c'mon Julie, you were going to send me these,) North and South Dakota, Nebraska, Kentucky and Hawaii...The other States and the provinces of the Dominion of Canada have been pretty well covered, with good response.....Till next time, ABHU, O DOCHARTAIGH!!!

ANCESTRILY YOURS - from our Secretary.....Many thanks to all who have helped with our membership, mailing campaign. Special gratitude to F. Robert and Rita Dougherty of Downingtown and their family who helped Sr. Holy Spirit with the mailings in their State. Ruby Bogner in Calif. is an enthusiastic new member that has really gotten the coverage for us in her state. Hope that she has contacted other members out there to give her a hand. California is a BIG State! In Michigan, we were assisted in a great way by the two Richards - Richard M. Doherty and Richard A. Doherty, who sent out approximately 1,000 post cards to tribal members. They were helped by Richard M.'s sister, Eileen Doherty Scheich, who typed the 1,000 address labels - our thanks to the three of you for what was a very time consuming chore. Edmund Dougherty of Seattle, Washington has been right with us, every step of the way, offering kindly suggestions and those great words of encouragement that we are oft times desperate for. Ed has been over to Ireland already this year and his idea's for a successful gathering in 1985 are greatly appreciated, as are all of those addresses of Northwestern newspapers he compiled and sent to us. A couple of folks that we have not heard from for awhile are; Lavonnie Brimhall and Samuel A. Dougherty (Sam, the Railroad man.) I believe that Sam may be touring around the country, but where are you Lavonnie?.....What is better than getting a letter at the Association Office? Getting a letter with a sase, (self-addressed, self-stamped envelope) in it. Better than that is a letter with 8 or 10 extra stamps. Then, too, we have been fortunate to have those great people that send some extra bucks, with their orders to help with the postage. It is your Association and we are doing our best to cut corners, wherever possible and really do appreciate your help. We do have an "Angel," or perhaps, "Leprechaun" would be a better word for that person....Anyway, whenever the coffers are low, (at least twice a month) this person kicks in \$100.00, \$200.00 or whatever is needed to get the mail flowing or the material purchased or printed. Many of our members have helped, also, by purchasing memberships for other members of their families, as well as Yearbooks and Origin books. Our thanks to all of you for doing what you can to help out. It is needed and appreciated..... and also, put to good use... A new gimmick for interesting members of our tribe in the Association is the expression - "My name is Doo-hickey..... That's close enough." This was the caption in a cartoon which appeared in the Sacramento Sentinel and Sacramento Bee, with an article about our Assn. Some creative Irishman, on their Staff, no doubt. It brought much laughter and good results. We will try to have it reproduced somewhere within this newsletter.....Looking forward to being reunited with Paddy and Eileen

Doherty in Derry, Ireland later this month. Sometimes it seems like just a few weeks ago since we were treated to that lovely voice of Eileen's, but it has been almost 10 months. It will be a joyful trip - so nice to meet those wonderful Irish we have been corresponding with and who are working so diligently for the successful planning of our '85 Reunion. Colm Cavanagh of the Derry Northwest Centre for Learning and Development (the place where our pewter mugs were made for us) has kept us informed of every event related to the '85 reunion and also has had articles printed in Irish Newspapers publicizing our Association and our efforts in behalf of the Reunion. Fear Feasa (man of knowledge) who is a columnist for the Derry Journal has written several lengthy and beautiful articles about various members of our Association, with glowing reports of our work, making us all the more determined to strive even harder to have this be the largest family gathering of the century. There is just no reason why it should not be! We have the numbers and we have the family pride! It is just a matter of getting everyone involved. PLEASE HELP! Ric Dougherty of "Travel Adventure Worldwide Films," has agreed to co-operate with us on some type of filming of the '85 Reunion. He and his lovely wife Jodie are very interested in the prospect of being an active part of this great venture. He is in contact with us often, and has offered much in the way of suggestions and ideas, which are needed. We value his expertise and willingness to share with us.....

STRIVE TO ARRIVE - DERRY/DONEGAL '85 - Reunion Coordinators, Ed Dougherty, of Antioch, TN and Anita Dougherty Pobocik are hoping that all who intend to take part in this journey to our homeland in 1985, will let them know. All that is required is a 13¢ postcard with your name and address and the number of persons that will be attending, from your immediate family. Direct these cards to: Anita Dougherty Pobocik
12376 Hillcrest Drive
Grand Blanc, MI 48439

We prefer postcards. If you have any questions, send your inquiries to the Attica, MI P.O. Box 98. We would like an idea of the number of persons planning to attend. This requires only an inclination not a firm commitment. We will have package deals available for you at a later time. These will include; ships passage, biking tours, camping out, 1st. Class flights and hotels, dormitory style lodging and many ways of traveling that you never thought of. First, we have to know, if you are going.....

Some of you have already contacted the Irish American Cultural Institute for reservations. This is fine. They have been advertising our Reunion in their publication, "DUCAS," and while we are appreciative, find it hard to understand why they don't list our Association name and address, as being the sponsors of this great event. They also refer to our "Fort," in Derry, as a Castle. We prefer. "Fort." (a small point, I guess!) Our President, Patrick is a member of their Association the IACI and has been for quite some time.....

In the process of moving, combining three households into one, plus all of the genealogical accumulation of the years, and our office records, I fell behind in my correspondence. Apologies to all of your patient people who had to wait for your books, mugs, patches, and membership cards.....

While our Assn. address remains the same, our telephone number has changed. It is in Brown City, MI and is 313-346-2306..... If you are in the area, give us a call and stop by at 4196 First St. Brown City.

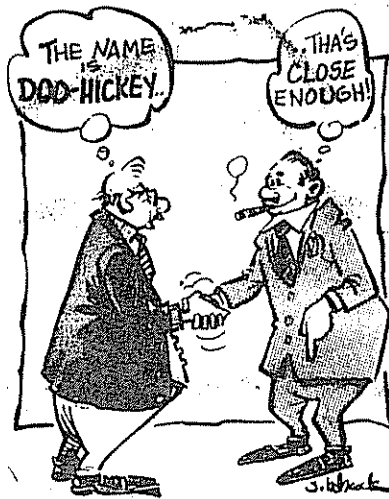

MARGARET DOUGHERTY JOHNSON - Our Treas. will be mailing these Newsletters out for us while we are away. Marge has done a tremendous job of helping with all phases of the office work and keeps an accurate account of our memberships. She finds it hard to understand that some of our members are not interested in obtaining copies of the Origin of the O'

Doherty's, or the Yearbook. Both Books contain alot of information on our ancestry and family history. All who have received the Yearbook have enjoyed it and felt it was most reasonably priced, at \$7.50..... Another hard-to-believe fact - many that attended our International Reunion, last summer have not sent in their Association Dues. These are people that voted on the Reunion being held in Ireland (unanimously) in 1985. They showed so much interest last summer, and to date, we have heard nothing, in spite of the cost involved in our keeping them informed. This and all future newsletters are going out to dues-paying members only. We cannot afford to operate any other way. If they have not shown an interest in the past ten months, it's hard to believe that they will.....

Possible that Hanora was an O Dochartaigh, or of Irish descent, as we find that name in our tracings often.....

If your name is Doherty, or possibly Daugherty, or maybe even Dockerty, then Jeanne Dougherty Kitchen thinks you should be aware of the O Dochartaigh Family Re-

search Association of North America. If you can find an envelope long enough to fit that name on one line, the address is P.O. Box 98, Attica, Mich. 48412.

Now that we have moved to Brown City, which incidently is Doherty Country, we have to do without the convenience of having Margaret and Anita at our beck and call. Both have been most helpful with any and all requests for help in the large mailings, especially getting the Year books and newsletters out. I can assure you that they are missed and we haven't been here a month yet. Just goes to prove, "you don't know what you have, until you no longer have it." (or something like that. If you can think of anyway you can help us, give us a call or drop a line. We need all of the help we can get, & suggestions.....

Your query can be published in the "Missing Links" for \$2.00..... It is possible that I have missed someone that has paid for this service. If so, please write and let me know and I will put it in the October newsletter.

We have the following items available: Pewter Mugs, with "harp" handle, made special for us, in Derry - \$30.00. (These are a much finer pewter than is available in gift shops.) YEARBOOKS and the following "Origin" books for \$7.50 - O'Doherty, O'Donoghue, McCann and McKenna. For \$5.00, we have smaller books on O'Neill, O'Flaherty, O'Reilly, O'Kelly, O'Rourke and McGuinness. Allow 2 weeks for delivery. (possibly longer cause of trip to Ireland.) Front License plates \$11.00 each....Shirts - adults, sizes small, med., large and x-tra large - \$13.00 each - childrens 6-14 are \$8.00 each - these are very nice! Derry/Donegal Reunion patches are \$2.00 each. All of these make nice gifts for fellow tribal members. When in Ireland, we will be ordering and bringing back items. Postcards, hopefully with the "Coat of Arms." We are not using Association funds for our trip to Ireland. The Tourist Board is helping with the fare from NY to Dublin and possibly with transportation over there. The rest is out of our pockets.....We are not in a position to be able to afford to use Association funds for any, but necessary expenditures. We are awaiting further word from the IRS regarding our non-profit status - actually, we are below the non-profit bracket, but doing very well for the short time we have been in existence.....

We will be taking copies of the ancestry sheets you have sent to us, over to Ireland with us, for further tracing by Dr. Doherty who is helping with the genealogical work in Ireland.....

Till October keep well and remember our member John (Jack) Dougherty of Wilmington, DE who passed away this past year.....

Any Material submitted for the Yearbook must be clean copy, typewritten, single-spaced, except for short articles or poetry, which may be double spaced. They will not be re-typed or edited, before being printed. Unfortunately, we do not have the personnel this would require.

You know what we want, and need. Stories handed down from your grandparents, personal experiences relating to your ancestry, encounters with other O'Dochartaighs, humorous anecdotes, poetry, historical accounts and fictional stories relating to our heritage.

Every Irishman has a story to tell and most are very poetic. How about some expressions of your feelings of anticipation for this emotional experience we will be witness to and an integral part of, in 1985. Jot down your thoughts on that. Also, Anne in St. Thomas, Ontario.... Could you take the time to type out your beautiful poem delivered at the 1981 Reunion. The printer lost it and we want to include it in the next one?

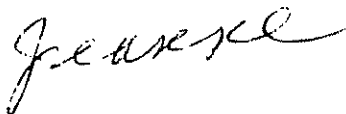

We will need all items to be used in the next yearbook to be submitted NO LATER THAN OCTOBER 30th, 1982.....

Patrick also wishes to add that when he attended the Derry Ball in Phla., Paddy Doherty and Mayor Joseph Fegan of Derry traveled over for the event. Patrick had a most enjoyable visit with both of them and was pleased, as always, to see Paddy's smiling face.

Those of you who have not sent in your ancestry sheets, please do so, as quickly as possible. We do want to take as many to Ireland, with us as we have available.

Another thought - Pascual and Reamon O'Dogherty of Spain will be in Ireland and be able to meet with us for one day, during our visit. You can well imagine how excited we are, as we have enjoyed their letters and support. It will be one of many highlights of this trip to meet our Spanish Cousins.

Ancestrily yours,
