## Ó Dochartaigh Newsletter #33

---

Email version of #33, May 12, 1996

These articles are taken from newsletter # 33.

This newsletter has taken 20 years to write.

Well not exactly, but we have been writing them since 1980. We didn't number the first few as they were not in great amounts and rather restricted in area. This is listed as # 33, numbering from that Reunion in Michigan, Aug. 1981. Some of the persons behind that Gathering have left us, but many are still remembering. 1981 had several firsts and some memorable happenings. Certainly an outstanding feature was the arrival of and talks we received from Eileen and Paddy Doherty of Derry City. Eileen was a gifted singer and a very social person and those attending were very appreciative of her presence. Patrick, her husband, better known as Paddy "Bogside" gave a talk on the "Troubles", the Clan and it's history. His enthusiasm was catching and caused us all to leave with a sense of pride and a steadfastness of purpose. Out of this has grown our Clann Association and now, 20 years on we are about to sponsor our 4th gathering in this, the "land of our Origin".

There is to be a Clann Meeting during these festivities and we hope it is well attended. It is time to at least consider "The Passing of the Gavel" on to younger Clann. It is also time to consider a Permanent trust and a Tax Free Status for this Association. Let's keep this endeavour alive and functioning on and on!

Retirees are welcome to spend time with us. We have a lovely location, as Buncrana Town is walking distance away. There are some spare bedrooms when the off season is upon us.

Reunion Days, Events and Who is Doing What:

Our Committees have been meeting often and seriously for years and are all hoping to develop a Gathering that will be very meaningful to Clann at home and to Clann from far away places.

Our General Chairperson was Paddy "Joe" Doherty of Derry. He was forced to give up that position due to ill health. He was very ably replaced by James "sausage" Doherty of Derry. Both these men were so helpful in past reunions and in many Clann occasions at Headquarters on Inch Island.

Besides James, there is these assisting from Derry: Carita Ker, Helena "Saddler" Downey, Paddy "Bogside" Doherty, Marcus O'Murchu and Sally Doherty Litchfield. The Inishowen Committees are all listed on the page on which their activities occur.

There have been many attempts to secure grants in the Ulster and or Donegal areas. At this time ! April, we are still trying to convince Grant Authorities of our need for help. It is easy to spend enormous amounts for printing and postage on one issue of a Newsletter. An example is this: Newsletter No. 32 (4000 copies): Printing; IE1880.00, posting IE1278.00 and the conveyance of 1200 newsletter to distributions points in Derry and Donegal, IE80.00. We also sent out 11,000 flyers to all of Inishowen, informing all householders of the coming reunion and the need of their cooperation. This cost IE550.00 more. With the next newsletter ready to go to print and also with posting costs we are facing the same dilemma. We are also considering a follow-up of the first flyer. Plans are being set up to get out an excess of 12,000 single page mail outs by mid-May to all of Inishowen.

We have the added possibility of receiving U.K. Grants as the Derry Committee is working to get some aid.
